Message from the President & Executive Director Ann Diab & Rose Anguiano Hurst

Ann Diab
President Board of
Directors

Each year on March 8, we come together to celebrate International Women's Day, a day that is recognized around the world to commemorate the achievements of women. This year's IWD theme, "An Equal World is an Enabled World" #EachforEqual, comes from the idea of 'Collective Individualism', the notion that we are all parts of a whole; our individual thoughts and actions have a direct impact on our society. It is a concept that we at Women's Enterprise Skills Training of Windsor Inc. (WEST) understand well.

Over the past 33 years, WEST has been a leader in the Windsor-Essex community in delivering programs and services to help women in achieving their goals through acquiring employment, training and skills development. The past year has been no exception with continued success in WEST programs such as: Women in Skilled Trades (WIST); Young Women in Leadership, Employment and Development (LEAD); Visible Minority Newcomer Women for Employment Program; Science, Engineering, Artistry and Technology (SEAT) Program, just to name a few.

Rose Anguiano Hurst
Executive Director

Our ability to deliver these programs depends on you the community partners that give their time in delivering workshops, the sponsors and donors that generously give financial support, the employers that give our participants work placements, the staff that work tirelessly to help each client succeed. With your support and commitment, we are able to help the women of Windsor-Essex County in their journey towards their dreams.

This evening WEST will recognize the 2020 Journey Towards Success Award Recipients. These award winners include WEST clients who have successfully embraced a challenging journey to achieve their goals through additional training as well as community partners and employers that have made a powerful impact in their commitment to our programs.

On behalf of the WEST Board of Directors, staff and participants, Thank You! It is with your time, commitment and support that our collective action and shared responsibility will drive us forward in creating a gender equal community that we can all be proud of.

"A true community is not just about being geographically close to someone or part of the same social web network. It's about feeling connected and responsible for what happens. Humanity is our ultimate community, and everyone plays a crucial role." Anonymous

Thank you and enjoy the evening.

The Daphne V. Clarke Trailblazer Award A Book of My Own

Sponsored by CTV Bell Media

For over 8 years A Book of My Own has been distributing books to families at WEST to promote good reading habits and ensure that all children have access to books. During WEST's Family Literacy Day a Book of My Own distributed books, new toys, and facilitated a story time for the whole family. For our youth - EDGE2 program, a Book of My Own provided 3 sets of 12 books so that the youth could start a reading club.

We look forward to our continued partnership. Book of My Own is a not-for-profit organization that relies on financial donations from individuals and organizations, as well as donations of new children's books for distribution or gently used books for used book sales. Since 1998, they contributed close to 50,000 new books to foster enthusiasm for reading.

Awesome work in the community!

There are moments in our lives that help us rise up and conquer obstacles. Times when we face our fears, work hard and begin to see our economic power grow.

WEST's new social media campaign [#Whynotmehertthem?](#) asks us to consider the kinds of success possible in a gender equal world and what more needs to be done to give people from all walks of life the same opportunities.

[#Whynotmehertthem](#) is being made possible thanks to a grant from the Windsor Essex Community Foundation and the Equality Fund.

Women's Enterprise Skills Training of Windsor Inc.

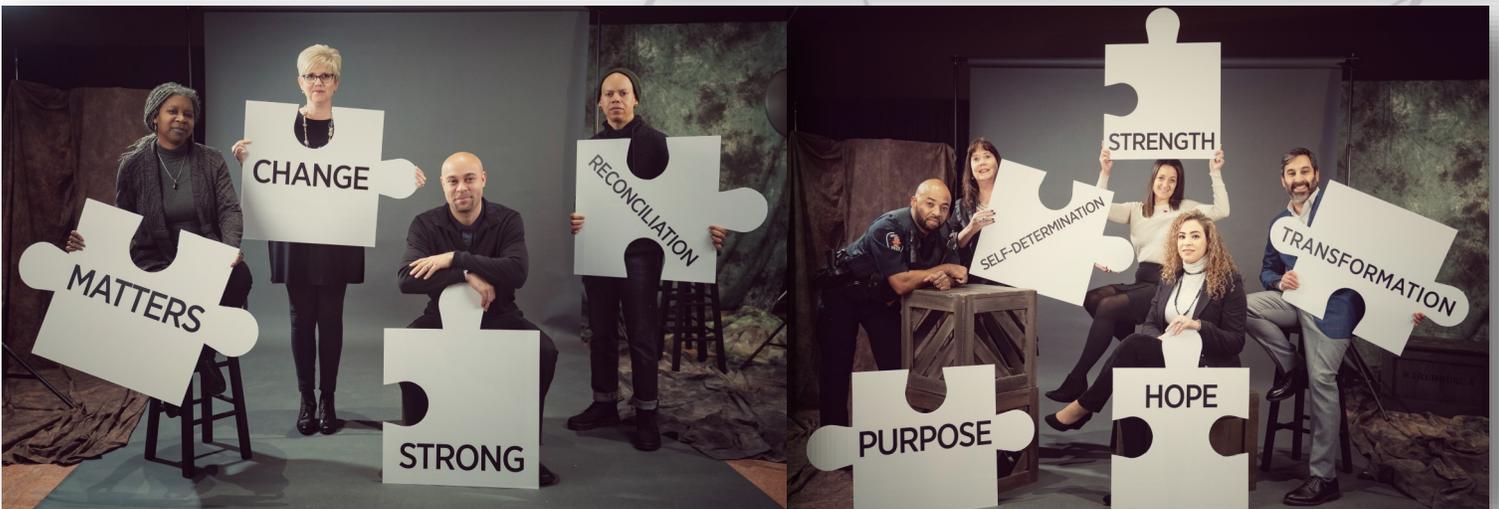

#EachforEqual

"Individually, we're all responsible for our own thoughts and actions - all day, every day.

We can actively choose to challenge stereotypes, fight bias, broaden perceptions, improve situations and celebrate women's achievements.

Let's all be #EachforEqual"

"We are all parts of a whole. Our individual actions, conversations, behaviors and mindsets can have an impact on our larger society.

Collectively, we can make change happen. Collectively, we can each help to create a gender equal world.
